With over 3,300 wells forecast and offshore spend to equal onshore investment by 2014*, the need for a uniquely focused offshore exploration and production event has never been more critical.

Offshore Middle East Conference & Exhibition, now in its third successful year, plays an important role in the region. It provides a high level forum that focuses on the advancement of the offshore exploration & production industry. The event comprehensively addresses the technological challenges associated with safely and cost effectively developing resources.

Whether your organization is looking for a platform to showcase groundbreaking new technology or looking to raise its profile as an industry leader, Offshore Middle East Conference & Exhibition provides it all.

Call For Abstracts

The Advisory Board are now accepting abstracts for the 2010 Conference. We invite you to submit an abstract and share your knowledge, experience and ideas with global technical and strategic decision-makers and strategists.

The conference provides a great opportunity to network with leading organizations and high level influencers, and for you to represent your company at the industry's most prestigious event.

Abstract submission deadline: 18 May 2010

To submit your abstract please log on to
